

User Complaints Procedures

All Saints Community Development Company, All Saints Community Projects, All Saints Community Catering, The Robin Centre and All Saints Parish Church (All Saints) are committed to providing a quality service for everyone who attends our centre and church.

We have a complaints policy to be used in the event of a complaint that cannot be resolved through initial discussion. It would be the policy of All Saints for everyone to work positively to resolve complaints at the earliest opportunity and everyone's mutual satisfaction

Keeping records is of paramount importance

This policy applies to paid staff and volunteers receiving complaints about the service. Paid staff with grievances should see the grievance procedures in Employees Handbook

Any complaints by a service user should be listened to and taken seriously. A complaint can be about any part of the service offered.

1. At the initial complaint the person receiving it should do their best to solve the problem. They should listen carefully to the complaint and be open and, if necessary, apologetic. They should not argue with the complainant and treat the complainant with respect. They should ask the complainant the details of the complaint and write these down. If they feel they can't deal with the complaint or don't know what to do they should ask a more senior member of the team. If the complaint is resolved a record should be kept and the manager/leader informed.

2. If the complaint cannot be sorted out to the satisfaction of the complainant then it should be referred to the manager/leader. If the complaint is resolved a record should be kept of this.

At either of these stages the complainant should be offered an official complaints form.

3. If the manager/leader cannot solve the complaint to the satisfaction of the complainant then they should be asked to fill in a complaints form (with help if necessary). If they don't want to do this then the manager/leader should make a record of the actions taken and the complaint and ask the complainant to sign to say they don't wish to fill in an official complaints form. The chair of the All Saints Organisation should be informed but no further action taken.

4. If an official complaints form is filled in this should be given to the chair of the All Saints organisation as soon as possible. The chair should discuss the complaint with the manager/leader and the complainant and try to resolve the complaint within 21 days.
